Congo Fiber Optic Cable Tray IK10

Overview

The boxes can be configured to address a wide range of fiber optic splice and/or connectivity applications for PON, GPON and 5G networks. The engineered design provides IP65 protection from water / dust ingress and IK10 impact resistance to keep your critical network. Discover the solution for your FTTx network systems with our Huawei access termination closure. Designed for both efficiency and durability, this closure is a efficientive solution capable of handling up to 16 subscribers and 96 splicing points. This closure integrates fiber splicing, □□□□, and cable management within. The FibeRoad system can be used in the MDB M Optical Box, Fibre Boxes, Fibre Distribution Hubs - FDHs or Data Cabinets. The preferred choice in central offices, data centers and mobile switching centers, our fiber cable ducting raceway offers increased flexibility and reduced installation time while maintaining the proper fiber bend. Discover low-price fiber optic cable trays made of PVC and ABS plastic, available in various sizes for networking and cable management. Purchase bulk orders starting from 2 units at $1-$8.
