Custom FRP Cable Tray Manufacturer

Overview

At IndiGrate Composites, we design and manufacture FRP Cable Trays that combine strength, durability, and corrosion resistance to deliver unmatched performance in the harshest environments.

Key Takeaways

Leading FRP cable tray manufacturers in India include FiberTech, AMROCK, Aeron Composite, and Fibrograts, offering ladder and perforated types with corrosion-resistant, lightweight, and customizable designs. Key Manufacturers and Offerings1.

Fiber

Tech Global Fiber

Tech specializes in FRP and GRP cable trays, including ladder type and perforated designs. Their trays are made using pultruded sections of advanced polyester and vinelester resins, ensuring rust and chemical resistance, lightweight construction, and long life. They manufacture trays according to NEMA/BIS specifications, suitable for industrial and infrastructure projects.

Fiber

Tech emphasizes customization based on client requirements and exports globally, providing UV-resistant, halogen-free, and low thermal conductivity products (FiberTech Global). 2.

AMROCK AMROC

K offers a wide range of FRP cable trays and ladders for power and control cables. Their products are made from high-quality pultruded fiberglass, providing steel-like strength at a fraction of the weight.

FR

P trays from AMROCK are corrosion-resistant, non-conductive, and durable, suitable for chemical, industrial, and telecom applications. They also supply trays in GI, aluminum, and stainless steel for varied industry needs (AMROCK). 3.

Aeron Composite Aeron manufactures GRP and FRP cable trays on fully automated plants, offering ladder and perforated types. Their trays are fire-retardant, corrosion-resistant, and lightweight, with a comprehensive range of fittings such as bends, tees, reducers, and covers. Aeron also provides custom-sized ducts and accessories for specialized projects, making them a premium FRP/GRP tray manufacturer in India (Aeron Composite).

4. Fibrograts Pvt. Ltd. (FGPL) Fibrograts produces corrosion-resistant FRP cable trays for chemical plants, power stations, oil & gas, and telecom sectors.

Their trays are manufactured using a continuous pultrusion process with 60–65% glass fiber content, ensuring high strength and consistency. They offer ladder type with rectangular or I-shaped rungs for heavy-duty cables and solid-bottom or perforated trays for light instrumentation and control cables. Custom dimensions, resin grades, and colors are available on request (Fibrograts).

Advantages of FRP Cable Trays

Corrosion and chemical resistance: Ideal for harsh industrial environments. Lightweight: Easier to transport and install compared to steel or aluminum. Non-conductive: Reduces electrical hazards.

Customizable: Available in various sizes, resin grades, and designs. Durable and maintenance-free: Long life cycle with minimal upkeep. These manufacturers provide reliable FRP cable tray solutions suitable for industrial, commercial, and infrastructure projects, with options for both domestic and international supply.

For inquiries, contacting the manufacturers directly via their sales teams or websites is recommended for detailed specifications and quotations.

FRP Cable Trays

At IndiGrate Composites, we design and manufacture FRP Cable Trays that combine strength, durability, and corrosion resistance to deliver unmatched performance in the harshest environments.

FRP Cable Tray Manufacturer

While cable trays made conventionally rust over time, our trays are rust-resistant. Corrosion resistance is built into our FRP (fiber-reinforced polymer) trays. The

Fiberglass (FRP) Cable Tray for Extreme Conditions

Made from the highest quality pultruded materials, our Fiber Reinforced Polymer (FRP) cable tray is extremely durable and resistant to chemical attack, with a proven record of performance in the most

CREO Composites – Advanced FRP & Carbon Fiber Solutions

Designed for modern industrial demands, our trays offer exceptional corrosion resistance, high strength-to-weight ratio, and fire-retardant properties—making them ideal for harsh or mission-critical

FRP Cable Trays

Our trays are manufactured from Fiberglass Reinforced Plastic (FRP) using high

FRP Cable Tray | Cable Tray Support

We manufacture two different FRP cable trays, Ladder FRP Cable Tray and FRP Tray Cable Tray Love. And available in a variety of widths, it is the ideal support solution for pipe and cable routing.

Top 7 FRP Cable Tray Manufacturers for Heavy-Duty Industrial

Compare the top 7 FRP cable tray manufacturers for industrial projects. Find durable, corrosion-resistant solutions for heavy-duty cable management needs.

FRP Cable Tray

At U-Protec Earthing, we specialize in the manufacturing of FRP (Fiber Reinforced Plastic) cable trays, offering a superior cable management solution tailored for

Fiberglass Cable Tray

Our Fiberglass tray weighs 1/3 that of steel trays and is pound for pound stronger. This makes the tray easy to install, reduces the possibility of lifting accidents, and lowers transportation costs. MP Husky
