200m of 6-core optical fiber cable

Overview

652D ADSS fiber optic cable, featuring 6 cores and a 200m span for aerial communication networks. It provides reliable single-mode data transmission without metallic support, ideal for power distribution networks, telecommunication lines. The G202-xxU-6LC is a six-core multi-mode finished fiber cable, which is mainly used with audio and video optical fiber extenders. This six-core multi-mode 50/125 OM3 fiber with LC-type connectors can transmit up to 300 meters while maintaining a 10Gbps bandwidth. Legrand provides pre-terminated fiber cable for users desiring to save time and trouble, and eliminate all performance worries. 0mm diameter, armored construction, and 200-meter length, this FC-FC configured cable ensures reliable.
