Iron and Plastic Distribution Box Manufacturers

Overview

Residential Distribution Box (Plastic Cover And Iron Base. Residential Distribution Box (Plastic Cover And Iron Base) Categories Metal Distribution Boxes.

Key Takeaways

Leading manufacturers of iron (metal) and plastic distribution boxes include EWJ, VIOX, Himel, and Sunnom, offering customizable, high-quality enclosures for diverse electrical applications. Metal (Iron/Steel/Aluminum) Distribution Box ManufacturersEWJ specializes in metal enclosures, including aluminum and stainless steel junction boxes, with IP65 outdoor solutions. They support OEM customization from prototype to mass production, accepting technical drawings in PDF, DWG, or STEP formats.

Their products comply with CE, ISO9001, and RoHS standards, ensuring high-quality and safe enclosures for industrial and commercial applications.

VIO

X Electric provides stainless steel distribution boxes with high IP ratings, enhanced safety features, and user-centric designs. They cater to residential, commercial, and industrial applications, offering both standard and custom solutions. Himel offers a broad portfolio of electrical distribution products, including metal enclosures, designed to meet international safety standards and support efficient power distribution.

Plastic Distribution Box Manufacturers

Sunnom is a professional plastic distribution box manufacturer, producing enclosures from advanced polymers such as ABS and polycarbonate. Their products are weatherproof, impact-resistant, and fire-retardant, suitable for residential, commercial, and industrial use. They employ injection molding, CAD systems, and automated production lines to ensure consistent quality and compliance with IEC, UL, and CE standards.

Customization options include dimensions, mounting configurations, cable entry points, and branding.

Direct

Industry lists multiple plastic enclosure options made from ABS or polycarbonate, featuring IP65/IP66 ratings, easy open/close mechanisms, and high impact resistance. These enclosures are suitable for indoor and outdoor installations, including fiber optic and electrical distribution applications. Key Considerations When Choosing a ManufacturerMaterial and Durability: Metal boxes (steel, aluminum, stainless steel) offer superior strength and EMC shielding, while plastic boxes (ABS, polycarbonate) provide lightweight, corrosion-resistant, and impact-resistant solutions.

I

P Rating: Ensure the enclosure meets the required ingress protection (IP65, IP66, IP67) for environmental conditions. Customization: Many manufacturers offer tailored solutions for size, mounting, cable entry, and branding. Certifications: Look for CE, ISO9001, RoHS, and UL compliance to ensure safety and international standards.

Application: Consider whether the enclosure is for residential, commercial, industrial, or outdoor use, as this affects material choice and design. By evaluating these factors, you can select a manufacturer that provides reliable, high-quality distribution boxes suited to your specific electrical installation needs.
