Some products, like the Chorus CAT6 Patch Cord, are available for online purchase with loyalty points or discounts.

Pricing Considerations

Prices vary based on fiber type (single-mode vs multi-mode), length (1m, 3m, 30m, etc.), and connector type (LC, SC, MTP). For specialized or high-performance cables (e.g., OM4 MTP-MTP), expect higher prices compared to standard single-mode or multi-mode patch cords. Local suppliers may offer bulk discounts or technical support for installation and procurement.

Recommendations

Determine the required fiber type, length, and connector before purchasing. Contact suppliers like Legrand Mauritius or Photonics Ltd for quotes and technical guidance. For convenience and delivery, online platforms like Desertcart Mauritius provide a wide selection with shipping across the island.

By comparing local suppliers and online stores, you can find fiber optic patch cords that meet your technical requirements and budget in Mauritius.
