# Recommended Brands of Optical Cables for Communication

## Overview

Selecting the proper optic cable can be tricky. Refer to this list to find the best fiber optic cable for easier shopping!

## Key Takeaways

Leading fiber optic cable brands include Corning, Prysmian Group, CommScope, and TS Cables, recognized for high performance, reliability, and global reach. Leading Brands and Manufacturers1. Corning Inc Corning is a pioneer in fiber optic technology, holding around 10.

4% of the global market. They specialize in low-loss, high-purity glass fibers and bend-insensitive designs, supporting high-speed networks and data centers. Corning invests heavily in R&D, developing solutions like ClearCurve fibers for tight bends and 800G Ethernet for next-generation networks.

Their products are widely used in FTTx, long-haul, and enterprise networks and meet international standards for quality and durability. 2. Prysmian Group Headquartered in Italy, Prysmian is the world's largest cable manufacturer with a 9–15% global market share.

They offer a wide range of fiber optic cables, including submarine, fire-resistant, and high-tensile designs. Prysmian emphasizes sustainability, using recycled materials and eco-jacket innovations that reduce carbon emissions. Their vertical integration ensures consistent quality across short-distance and long-haul applications, making them ideal for large infrastructure projects.
