What manufacturers produce circuit distribution boxes in South Africa

Overview

Electrical Enclosure, Junction Box, DB Board, Plastic Enclosure. Brands like York, Okari, Enlec, Utilec ©, PSO1 and PSO2 are well known in the South Afri.

Key Takeaways

Key manufacturers of circuit distribution boxes in South Africa include Allbro, Distribution Boards SA, Gem Switchgear, and NUR Manufacturers.

Leading Manufacturers

Allbro is a major South African manufacturer of non-metallic enclosures and distribution boards. They produce brands such as York, Okari, Enlec, Utilec, PSO1, and PSO2, all manufactured locally to international standards, suitable for industrial, commercial, and residential applications.

Distribution Boards S

A (PTY) Ltd specializes in low- to medium-voltage switchgear panels and distribution boards. They offer design, manufacture, assembly, wiring, and testing of electrical boards, including motor control panels and electrification equipment. Their products are ISO certified and tested at the NETFA Laboratory.

Gem Switchgear manufactures a comprehensive range of low and medium voltage switchgear, including main, lightning, medium, and small distribution boards, motor control centers, and meter boards. Their assemblies are tested and approved by the SABS high current laboratory according to SABS IEC 60. 439: 1999 standards.

NU

R Manufacturers, based in Port Shepstone, KwaZulu-Natal, produces and distributes electrical products including circuit breakers, distribution boards, sockets, switches, and PVC accessories for the Southern African market.

Additional Suppliers

Other notable suppliers in South Africa include Switchboard Group, which designs and installs power distribution boards and switchgear, and ACDC Dynamics, which offers low voltage switchgear and circuit breakers. These companies provide both standard and custom solutions for industrial, commercial, and residential projects.

Summary

South Africa has a robust local manufacturing base for circuit distribution boxes, with companies offering locally produced, SABS-tested, and ISO-certified products. These manufacturers cater to a wide range of applications, from residential installations to large-scale industrial and mining projects, ensuring compliance with international standards and local environmental conditions.
