A reputable manufacturer of Dutch steel cable trays

Overview

Stainless steel cable trays The rounded design protects cables and hoses, while our patented locking cable trays combine easy access for cleaning with secu.

Key Takeaways

Leading Dutch manufacturers of steel cable trays include Staalbouw Dijkstra, Eurostrut, CC Nederland B. V., Gouda Holland, and DKC Europe.

Key Manufacturers

Staalbouw Dijkstra produces and supplies cable trays in various materials including steel, stainless steel, and aluminum. They offer fast delivery across the Netherlands and provide trays in multiple formats suitable for industrial and commercial installations (Staalbouw Dijkstra),. Eurostrut specializes in cable management systems for demanding environments such as offshore, chemical, petrochemical, and heavy industry.

Their product range includes steel cable trays, ladders, protective tubes, and accessories. Eurostrut emphasizes high-quality, durable solutions with technical support and custom options (Eurostrut),.

C

C Nederland B. V. offers SILTEC stainless steel cable trays made from AISI 304 stainless steel, ensuring corrosion resistance and durability. They provide a wide range of sizes, custom dimensions, and patented locking systems for secure and flexible installations (CC Nederland B.

V.),. Gouda Holland manufactures cable ducts and trays in various designs, including light, medium, and heavy-duty versions. Their systems are suitable for industrial, marine, and machine-building applications, with features like integrated coupling connections, covers, and moisture drainage (Gouda Holland),.

DK

C Europe is a European leader providing a comprehensive range of cable tray systems and energy distribution solutions for civil and industrial infrastructures. They offer steel cable trays along with transport and protection solutions, supporting large-scale projects (DKC Europe),.

Considerations for Selection

Material: Choose between standard steel, stainless steel (for corrosion resistance), or aluminum depending on the environment. Load Capacity: Light, medium, or heavy-duty trays depending on cable weight and installation type. Customization: Many manufacturers offer custom dimensions and patented locking systems for secure installation.

Application: Consider industrial, marine, offshore, or energy sector requirements. Support and Delivery: Evaluate technical support, installation guidance, and delivery speed. These manufacturers provide reliable options for Dutch and European projects, ensuring compliance with safety standards and durability requirements.
