Bahrain Cable Tray Production Base

Overview

We have a manufacturing facility on-site with modern equipment and advanced technology for creating the top-quality products.

Key Takeaways

Key cable tray manufacturers in Bahrain include BSLI, Navitas Electricals WLL, ALBaith Lighting, and Ameeri Industries, offering a wide range of trays, ladders, and trunking systems. Bahrain Switchgear & Lighting Industries (BSLI)BSLI manufactures a comprehensive range of cable trays and trunking systems using modern computer-controlled machinery to ensure high precision and timely delivery. Their products are designed to meet diverse customer requirements and are suitable for various industrial and commercial installations.

BSL

I emphasizes technical innovation and competitive pricing, making it a prominent supplier in Bahrain.

Navitas Electricals WLL

Navitas Electricals WL

L produces and installs cable trays in multiple dimensions, adhering to NEMA VE-1, BS, and European standards. They offer a complete line of fittings and accessories to support electrical, data, control, and communication cables. Their cable tray systems are customizable based on installation type and finish, serving commercial, industrial, and public works sectors.

Baith LightingALBaith Lighting specializes in perforated cable trays available in aluminum or steel, ranging from medium duty to ultra-heavy duty. They provide straight sections along with a wide selection of fittings, covers, and accessories, allowing full system specification from a single source. Ameeri Industries (AMETECH, AMGARD, AMELITE)Ameeri Industries operates state-of-the-art production facilities in Bahrain International Investment Park (BIIP) and Askar Industrial Area, including an in-house hot-dip galvanizing plant.

They manufacture a comprehensive range of GI cable management systems, including cable trays, ladders, and trunking under the AMETECH, AMGARD, and AMELITE brands. Their products are suitable for power, network, and unarmed cables, providing robust support, protection, and routing for various building installations.

Summary

For businesses or projects in Bahrain seeking cable tray production lines, these manufacturers provide a variety of options in terms of material, load capacity, standards compliance, and customization.

BSL

I and Navitas focus on precision and standards compliance, ALBaith Lighting offers specialized perforated trays, and Ameeri Industries provides a full GI cable management system with advanced manufacturing capabilities. These companies collectively cover most industrial, commercial, and public works requirements in Bahrain.
