

Bhutan Corrosion-Resistant Cable Tray Manufacturer

Overview

We manufacture products like Cable basket tray, Ladder type cable tray, Perforated cable tray, Raceways & truckings and many more .

Key Takeaways

Hutaib Electricals, Brilltech Engineers, Kiash Electricals, Cable House, and Jeetmull Jaichandlall are leading manufacturers of durable, anti-corrosion cable trays in Bhutan.

Top Manufacturers and Their Offerings

Hutaib Electricals Founded in 2001, Hutaib Electricals is a prominent manufacturer and supplier of cable trays in Bhutan. They offer a wide range of products including perforated trays, ladder trays, wire mesh trays, basket trays, and box-type trays. Their cable trays are available in GI hot-dip, pre-galvanized, powder-coated, and stainless steel (SS 202/304/316) finishes, ensuring excellent corrosion resistance.

They also provide custom-made trays and accessories like elbows, tees, and reducers, with a strong focus on quality and timely delivery. Brilltech Engineers Pvt. Ltd.

Brilltech Engineers supplies high-quality cable trays designed for durability and safety. Their trays are made from galvanized steel, stainless steel, and fiberglass, offering robust protection against environmental hazards. They emphasize air circulation through perforated designs, which prevents overheating and enhances cable performance.

Brilltech also provides expert support for product selection, system design, and installation. Kiash Electricals Although based in Kolkata, Kiash Electricals serves Bhutan with metal and perforated cable trays suitable for heavy-duty applications. Their trays are corrosion-resistant, durable, and designed for easy installation.

Kiash Electricals has been recognized with the National Quality Award 2024 for excellence in cable tray manufacturing, highlighting their commitment to high standards and reliability. Cable House Established in 1983, Cable House manufactures a wide range of cable trays and accessories with a focus on customized solutions. Their products are known for high durability, sustainable performance, and reliable anti-corrosion properties, making them suitable for both national and international projects.

Jeetmull Jaichandlall (P) Ltd. This manufacturer provides wire mesh and metal cable trays with excellent finishing and corrosion resistance. They offer a variety of sizes, shapes, and colors, and maintain strict adherence to industry standards.

Their modern manufacturing facility ensures high-quality production and consistent performance.

Key Features to Consider

Material and Finish: Galvanized steel, stainless steel, powder-coated, or hot-dip finishes for anti-corrosion protection. **Tray Types:** Ladder, perforated, basket, wire mesh, and box-type trays for different load and ventilation requirements.

Customization: Ability to provide tailored solutions including elbows, tees, reducers, and specific dimensions.

Durability and Safety: High load capacity, corrosion resistance, and compliance with industry standards. **Support Services:** Installation guidance, system design assistance, and timely delivery. For projects in Bhutan requiring long-lasting, corrosion-resistant cable trays, these manufacturers provide reliable options with a combination of quality materials, advanced manufacturing, and professional support.
