Burundi''s bridge lifeline project | Global Highways

Construction of a key bridge project in Burundi will provide a key economic lifeline for the country. The new Kaburantwa bridge links Burundi with

List of longest suspension bridge spans

OverviewOther record-holding suspension bridgesSee alsoFurther readingExternal links

The world''s longest suspension bridges are listed according to the length of their main span (i.e., the length of suspended roadway between the bridge''s towers). The length of the main span is the most common method of comparing the sizes of suspension bridges, often correlating with the height of the towers and the engineering complexity involved in designing and constructing the bridge. If one bridge has a longer span th

Burundi-DRC constructs 130m bridge to ease movement
