Cable Tray Price List Wholesale

Overview

Cable Tray Price List 2025: Current Market Rates Find the latest cable tray price list for 2025. Compare B2B and B2C pricing, materials, and supplier optio.

Key Takeaways

Wholesale cable tray prices typically range from $0. 80 to $76 per unit, depending on material, type, and order volume.

Price Ranges and Materials

Wholesale cable tray prices vary widely based on material, type, and size.

On B2

B platforms like Alibaba, prices can start as low as $0. 80 per unit for basic trays and go up to $76 or more for premium or specialized designs. Common materials include: Galvanized steel: Affordable and durable, widely used in industrial settings.

Stainless steel: Corrosion-resistant, higher cost, suitable for harsh environments. Aluminum: Lightweight and rust-proof, moderately priced. Plastic/FRP: Budget-friendly, ideal for light loads or non-industrial applications.

Types and Cost Factors

The type of cable tray affects pricing: Ladder trays: Strong, support heavy cables, higher cost. Wire mesh trays: Lightweight, cheaper, suitable for smaller installations. Perforated trays: Mid-range, can save up to 15% compared to ladder trays if weight is not a concern.

Additional cost factors include coatings (HDG, powder coating, pre-galvanized), length per unit, and installation requirements.

Bulk Purchasing and Supplier Options

Buying wholesale from factory-direct or OEM suppliers can significantly reduce costs while ensuring quality. Key strategies include: Requesting volume discounts for large orders. Choosing factory-direct suppliers to avoid middlemen.

Considering customized trays to meet specific load or environmental requirements.

Practical Price Examples

Standard hot-dip galvanized ladder trays (2. 4 meters) are commonly priced per unit, with bulk orders reducing the per-unit cost.

B2

C prices on platforms like Amazon range from $15 to $34, but wholesale B2B prices are much lower, reflecting the economies of scale.

Summary

For wholesale purchases, expect $0. 80–$76 per unit, with the final price influenced by material, tray type, coating, and order volume.

Factory-direct or OE

M suppliers from China or other industrial hubs often provide the most competitive pricing, especially for large-scale projects.
