Key Takeaways

Cable tray connection pieces typically range from $0. 58 per piece for small couplers to over $250 for specialized bulk kits.

Typical Price Ranges

Specialized or heavy-duty connectors: Larger or reinforced couplers, expansion splice plates, and adjustable butt splices can range from $20 to $150 per unit, depending on material and load capacity. High-end or custom fittings: Custom-designed or powder-coated metal couplers for data centers or industrial applications may cost $100–$250 per kit.

Factors Affecting Price

Material: Galvanized steel, stainless steel, aluminum, or fiberglass-reinforced plastic (FRP) influence durability and cost. Stainless steel and FRP are generally more expensive. Size and Compatibility: Larger trays or specialized diameters require larger or reinforced couplers, increasing price.
