Notable European Manufacturers

Niedax Group (Germany): Extensive range of cable trays and support systems for construction, energy, and transportation sectors. Spina Group (Italy): Specializes in ladder and perforated trays for heavy-duty industrial and shipbuilding applications. Icotek (Germany): Provides smart cable management systems and EMC solutions with global reach.

Tsubaki Kabelschlepp (Germany): Offers steel cable carriers and protection systems with certified quality.

Regional Highlights

South America: Industrias Proa S. A. (Argentina), TechTray Latin America, and BandaMetal focus on climate-resistant and corrosion-resistant trays for industrial and renewable energy projects. North America: Manufacturers provide solutions for industrial facilities, energy plants, and data centers, emphasizing innovation and compliance with local and international standards.

Types of Cable Trays and Models

Ladder Trays: Heavy-duty, ideal for high-load applications in oil, gas, and industrial sectors. Perforated Trays: Allow ventilation and heat dissipation for electrical cables. Wire Mesh Trays: Flexible, lightweight, and easy to install; examples include EASYCONNECT® and Rejiband® Rapide.

FR

P (Fiberglass Reinforced Plastic) Trays: Corrosion-resistant and suitable for outdoor or chemical environments. Walkable Trays: Designed for safe foot traffic, e.g., BKRS-Walkable Tray Line.

Material Options

Galvanized Steel: Standard for durability and corrosion resistance. Stainless Steel: For high corrosion resistance and hygiene-sensitive environments. Plastic/PVC: Lightweight, halogen-free, and fire-resistant.

FRP/GRP: Glass fiber reinforced polyester for chemical and outdoor resistance.

Considerations for Selection

Load capacity and cable typeIndoor vs. outdoor installationFire, corrosion, and UV resistanceCompliance with local and international standards (IEC, ISO, NBR)Ease of installation and modularity This list provides a comprehensive overview of top manufacturers and models, helping you select the right cable tray system for industrial, commercial, or infrastructure projects.
