Cable tray processing in Zambia

Overview

Cable Trays In ZambiaDon't settle for just any cable tray system. Choose us- one of the prominent Cable Trays Exporters and Suppliers in Zambia, for qualit.

Key Takeaways

Zambia has a growing cable tray manufacturing sector, with local companies producing high-quality steel, stainless steel, and mild steel cable trays for industrial and commercial applications. Key Manufacturers and SuppliersASML Africa offers the R-Line Cable Tray and Ladders, designed for durability in Zambia's demanding environment. Their products are corrosion-resistant, suitable for indoor and outdoor use, and engineered for efficient installation and cable management in industrial and commercial facilities.

Accurate Sheet Metal Ltd, based in Lusaka, specializes in metal fabrication and supplies steel, stainless steel, and mild steel cable trays. The company is ISO 9001: 2015 and 45003: 2018 certified, ensuring quality and safety standards in production. Sterling Steel Factory Ltd manufactures cable trays along with other electrical products such as panel boards, light fittings, and metallic enclosures.

Their production emphasizes durability and reliability, serving Lusaka Province and beyond. Cable House, established in 1983, is recognized for producing cable trays, hose clamps, crimping tools, and other cable management solutions. They provide customized solutions and maintain strict quality control to ensure long-lasting performance.

Production and Processing

Local manufacturers in Zambia typically use high-quality steel and copper materials for cable tray production. Companies like Metal Fabricators of Zambia Plc (ZAMEFA) process copper cathode into finished electrical cables and wires, demonstrating the integration of raw material processing with cable production. The production process generally involves: Metal fabrication: Cutting, bending, and shaping steel sheets into tray forms.

Surface treatment: Galvanization or coating to prevent corrosion. Assembly: Welding or fastening components to create ladder or tray structures. Quality control: Ensuring compliance with ISO standards and electrical safety requirements.

Applications

Cable trays produced in Zambia are used for: Industrial and commercial power distributionData and communication networksElectrical panel boards and distribution systemsOutdoor and indoor installations requiring corrosion-resistant solutionsConclusionZambia's cable tray industry is supported by experienced manufacturers capable of producing customized, durable, and certified cable management solutions. Companies like ASML Africa, Accurate Sheet Metal Ltd, Sterling Steel Factory Ltd, and Cable House provide a range of products suitable for both local and international projects, ensuring reliable cable routing and organization in diverse environments.
