Empty fiber optic splice box lc

Overview

These compact FO splice distributors for TH35 mounting rails are ideal for use in industrial environments. The enclosed front panels allow the. DIN Rail Box OS2 G652D 12xLC/APC Pigtail ready to splice, 6x LC/APC Duplex Adpt. FO splice box, 1U, quick lock, empty without front panel, M20/M25 Cable gland, grey Future-oriented standards and high-end quality for your network. The robust empty housing is the base for the assembly if your individual splice box. Next to the already existing splice boxes from DIGITUS® you have. HAILE 8 Optical Fiber Terminal Box P1-8 is a versatile, empty fiber optic splice enclosure designed for efficient cable management and secure fiber splicing. Compatible with SC, FC, ST, and LC connectors, this terminal box provides flexible solutions for fiber optic network installations, ensuring. Splice boxes and splice distributors are essential for a reliable fiber optic cabling system and serve as a connecting point between the fiber optic installation cable and the in-house network. High quality components ensure a secure and stable operation.
