Fiber optic switch supplier

Overview

Optical switches Fiber optical switches from WEINERT are based on a micro-mechanical/micro-optical design featuring high-precision optics. These offer exce.

Key Takeaways

Here are some of the top manufacturers of fiber optic switches as of December 2025: ICP DAS USA, CTC Union Technologies, and Shenzhen OPTICO Communication. Top Fiber Optic Switch ManufacturersICP DAS USA: Known for a variety of industrial automation products, including fiber optic switches.

CT

C Union Technologies Co. Ltd.: Specializes in networking and communication solutions, including fiber optic products.

Shenzhen OPTIC

O Communication Co., Ltd.: Offers a range of fiber optic communication equipment and solutions. HUBER+SUHNER Polatis: Provides advanced optical switching solutions for telecommunications and data centers.

Di

Con Fiberoptics Inc.: Focuses on fiber optic components and systems for various applications, including telecommunications. AeroDIODE: Manufacturer of fiber optic switches and related instrumentation.

Biz

Link Technology Inc.: Offers a range of fiber optic networking products, including switches. Molex, Optical Solutions: Provides a variety of optical solutions, including fiber optic switches. Thorlabs, Inc.: Known for photonics equipment, including fiber optic components and switches.

Newport: A brand within MKS Instruments, offering a full range of optical and photonic solutions, including fiber optic switches.

Additional Resources

Metoree: Lists 19 fiber optic switch manufacturers and their rankings, providing a comprehensive overview of the market. Thomasnet: A directory of manufacturers and suppliers of fiber optic switches in the USA, offering detailed company profiles. Photonics Buyers' Guide: A comprehensive guide to optical fiber optic switch manufacturers and suppliers.

Go

Photonics Directory: Lists various manufacturers and suppliers of fiber optic switches, allowing for easy comparison.

Global

Spec: A database of fiber optic switch manufacturers and distributors, providing extensive product information. These manufacturers are recognized for their contributions to the fiber optic industry, providing a range of products suitable for various applications, including telecommunications, data centers, and industrial automation.

Article Content

Optical switches

Fiber optical switches from WEINERT are based on a micro-mechanical/micro-optical design featuring high-precision optics. These offer excellent parameters,

Fiber Optic Switches, Multiplexers, Demultiplexers

Shop DigiKey''s large in-stock selection of Fiber Optic Switches, Multiplexers, Demultiplexers. View inventory, pricing and order now for same day shipping!

Fiber-optic Switches

A fiber-optic switch is a device used in fiber optics to route light from one or more input fibers to one or more output fibers. It can act as a simple on/off switch or a complex matrix switch with multiple inputs

Optical Fiber Optic Switches | Suppliers | Photonics Buyers'' Guide ...

Explore 20 top manufacturers and suppliers of Optical Fiber Optic Switches in our comprehensive photonics buyers'' guide. Optical fiber optic switches are devices used in optical fiber communication

Optical Switches – Buyer''s Guide & Supplier List | RP Photonics

This buyer''s guide for optical switches provides technical background, comparison of major types, selection criteria, and an overview of suppliers.

Fiber Optic Network Switches

Our Ethernet network switches with fiber ports comes in managed or unmanaged formats combined with both Industrial and Commercial grades. Utilize our PoE

19 Fiber Optic Switch Manufacturers in 2026 | Metoree

This section provides an overview for fiber optic switches as well as their applications and principles. Also, please take a look at the list of 19 fiber optic switch manufacturers and their company rankings.

Optical Switches

We lead the industry in optical switch technology, delivering the lowest insertion loss (0.2 dB), fastest switching speed (10 ns), broadest wavelength range (300–2400 nm), widest fiber compatibility,

Fiber Optic Switches

Fiber Optic Switch is an optical device that allows the routing of optical signals from one or multiple input fibers to one or multiple output fibers. Fiber Optic Switches from the leading manufacturers are listed

Global IT Products & Network Solutions Provider | Black Box

Black Box provides cutting-edge IT solutions and technology products to businesses worldwide, ensuring innovative and reliable services for global digital transformation.

Intelligent IoT Solutions

IoT building blocks & gateways, cloud-based device management, automated downtime managers: Lantronix IoT products and services help you connect smart!

10 Best Fiber Optics Stocks to Buy for the AI Data Center Boom

AI data centers are putting unusual pressure on the optical networking supply chain, not because fiber is new, but because large AI clusters need far more bandwidth between accelerators,

Global Leader in Materials, Networking, and Lasers

Learn how Coherent empowers innovations and breakthrough technologies for the industrial, communications, electronics, and instrumentation markets.

DiCon Fiberoptics | Directing light with MEMS Technology

Makers of innovative, high quality optical switches, tunable filters, variable optical attenuators, and test equipment for optical signal switching, optical network monitoring and restoration, video distribution,

Fiber Optic Cable Supplier, Distributor

Stocking distributor of fiber optic installation tools, bulk fiber cables, fiber patch cables, test equipment, cable management, fiber optic training and more.

CATV and Fiber Transport Equipment

Thor Fiber and Thor Broadcast have been trusted manufacturers of CATV and Fiber Transport equipment for over 2 decades in telecom, sports, education, hotel, TV studio, casino, house of

Fiber Optic Hardware | Fiber Panels, Housings, Racks, and ...

Fiber Optic Hardware Corning has a wide variety of hardware solutions to choose from to fit your cabling needs. Choose from racks, panels, modules, splice trays, ethernet fiber switches and other

KD — High-Speed Optical Connectivity Semiconductors

KD designs semiconductor ICs for multi-gigabit optical networking over fiber optics. Solutions for automotive, industrial, and consumer connectivity.
