General contractor s electrical distribution box installation price

Overview

New panel box pricing typically ranges from about $150 to $1,900 for parts and labor, with most residential projects landing between $450 and $1,500 depending on amp rating, gauge of wiring, and labor complexity. The total often includes the panel enclosure, breakers, wiring, and professional. Buyers typically pay for a full panel replacement, including labor, materials, and permits. For more complex setups, such as or AFCI protected outlets, or longer wire runs, total project costs can reach. For a standard residential installation, basic boxes for outlets or switches often run from roughly $0. When you add features like tamper resistance, ground fault. The average cost to hire an electrician to install or repair light fixtures, outlets, switches, or fans ranges from $141 to $419 with homeowners spending $280 on average. For larger electrical jobs like installing wiring or replacing an electrical panel, expect to pay $2,000 to $6,000.
