A wide, flat-topped mountain range, likely Table Mountain, is shown under a sky with soft, white and grey clouds. The mountain's surface is rugged and layered, with horizontal rock strata visible. The lighting suggests the sun is low on the horizon, casting a warm, golden glow on the right side of the mountain and leaving the left side in shadow. In the bottom left corner, the tops of three small, white, cylindrical structures are visible against the dark foreground.
