How to flip up a cable tray

Overview

It is not possible to rotate cable tray about its cross-section axis, but with beams you can. Whilst this can be achieved with structural beam elements, this cannot be achieved with the out of the box cable tray families. Also, is it possible to place a new cable trays inverted in such a way that the bottom of the cable tray is upside?

I welcome any ideas or suggestions. Our electrical users have the following issue: They have been requested to draw cable trays to mount in the vertical and not horizontal as usual. Your assistance will be. How about organizing your wiring with a cable tray system?

Smart move. This connection type must be added to existing projects. Anyone have a solution to rotating horizontal tray so it can be ran vertically?

We've been asking for 13 years now, still no way to do it (that I'm aware of).
