Indoor power distribution box with 14 circuits

Overview

14-Way IP65 Power Distribution Box: A durable, dust- and water-resistant enclosure (IP65) with a transparent cover, DIN rail support, and knockout cable entries—designed for neatly distributing and protecting up to 14 breakers in solar systems, industrial setups, or home. 14-Way IP65 Power Distribution Box: A durable, dust- and water-resistant enclosure (IP65) with a transparent cover, DIN rail support, and knockout cable entries—designed for neatly distributing and protecting up to 14 breakers in solar systems, industrial setups, or home. Get free shipping on qualified 14 Spaces Breaker Boxes products or Buy Online Pick Up in Store today in the Electrical Department. PREMIUM CONSTRUCTION POWER DISTRIBUTION BOX: Crafted by WESTERN, the 6506TLSX Temp power box features a durable blend material for long-lasting performance in demanding environments. Browse power distribution boxes with circuit breaker protection and multiple outlet configurations. Ideal for housing electrical components, wiring, control panels, and instrumentation, these enclosures are available in various materials and configurations to suit. A distribution box is a low-voltage electrical enclosure that receives incoming power and distributes it safely to multiple outgoing circuits through protective and switching devices such as MCBs, RCDs, RCBOs, fuses, isolators, busbars, neutral bars, earth bars, and surge protective devices. Today, electrical systems are essential for homes and industries.
