Israeli Fiber Optic Distribution Box Manufacturer

Overview

PacketLight NetworksTM specializes in developing and manufacturing advanced DWDM and OTN equipment for the transport of data, voice, and video over fiber optic networks.

Key Takeaways

Several Israeli companies supply fiber optic distribution boxes and related FTTH solutions, including Fibernet, S. P. G, and MER Group.

Key Suppliers

Fibernet offers FTTH floor distribution boxes designed for multi-dwelling units, serving as transition points between riser and horizontal cables. Their boxes can be configured for splice-only, patch-only, or combined splice and patch applications, providing flexibility for fiber-to-the-home deployments (Fibernet). S.

P. G develops, manufactures, and integrates advanced fiber optic communication products and systems. They are known for turnkey solutions addressing EMI, EMP, RFI, and lightning protection in complex fiber optic networks, making them a reliable supplier for large-scale projects (SPG).

ME

R Group has decades of experience in manufacturing, installing, and maintaining communication infrastructure. They provide extensive fiber optic solutions for internet providers, including distribution and transport systems, and have been active in Israel since the early adoption of fiber technology (MER Group).

Additional Resources

Trademo lists multiple Israeli fiber optic manufacturers and suppliers, offering shipment data, trade volumes, and contact information for business inquiries (Trademo).

Yoys B2

B provides a directory of around 23 fiber optic product suppliers in Israel, which can be useful for comparing options and sourcing distribution boxes (Yoys). These suppliers cover a range of needs from residential FTTH installations to large-scale telecom infrastructure, offering both products and integration services. For procurement, it is recommended to contact the companies directly to discuss specifications, availability, and installation support.
