

Kazakhstan Optical Fiber Cable Manufacturer

Overview

About the company JSC Kazenergokabel began producing the first batches of products – mainly uninsulated conductors, in 1994, while simultaneously construct.

Key Takeaways

Kazcentrelectroprovod LLP and Kazenergokabel JSC are among the leading fiber optic cable manufacturers in Kazakhstan.

Key Manufacturers

Kazcentrelectroprovod LL

P Founded in 1993, Kazcentrelectroprovod is the leading manufacturer of optical cables in Kazakhstan, with an annual production capacity of 72,000 km of optical cable, 42,000 km of LAN cable, and 200,000 units of optical cords. The company has established itself as a major supplier for both domestic and regional telecom projects, supporting the country's digital infrastructure development.

Kazenergokabel JS

C Established in 1994, Kazenergokabel produces a wide range of cable and wire products, including fiber optic cables, with a total production capacity of 80,000 km of cables and wires per year. The company manufactures over 17,000 product items and participates actively in government programs for import substitution, ensuring high-quality standards and certifications. Other Notable Manufacturers Several other companies contribute to Kazakhstan's fiber optic cable industry, including: Taldykorgan Cable Plant LLP Elektrokomplekt-1 Kazelectromash Kazenergo-1K.

AZ TEL

Trans Cable LLP

Aknur KabelOK Oral CableKMK Investment (Evraskabel) These companies are registered in Kazakhstan and produce fiber optic cables along with other electrical wire and cable products, supporting both domestic and regional markets.

Industry Overview

The fiber optic cable sector in Kazakhstan has shown strong growth, with production volumes increasing nearly threefold over the past seven years, reaching 1,534 thousand km of cables and wires in 2023, a 42. 3% increase from the previous year. The industry now includes 47 registered companies producing electrical wires and cables, including fiber optics, reflecting positive dynamics and investment in modern production technologies.

Specialized Companies

Optictelecom Group Operating since 2003, Optictelecom specializes in designing, constructing, and maintaining fiber optic communication lines (FOCL), with capabilities to handle up to 1,500 km of FOCL construction per year. The company also operates a laboratory for testing optical equipment and supplies cables, accessories, and installation services for telecom and industrial projects. Eurasian Cable / Evraskabel Evraskabel, established as a public-private partnership, produces high-technology cables according to GOST, IEC, DIN, and BSI standards, serving Kazakhstan, Russia, CIS countries, and the Persian Gulf markets.

The factory focuses on innovative cable production to meet modern energy and telecom requirements.

Conclusion

Kazakhstan has a well-established fiber optic cable manufacturing sector, led by Kazcentrelectroprovod LLP and Kazenergokabel JSC, with additional specialized companies like Optictelecom and Evraskabel supporting large-scale telecom and industrial projects. The industry is growing rapidly, with modern production facilities, international certifications, and increasing domestic and regional demand.
