The price of a Dafangfang Pigtail Connector varies depending on type, quantity, and supplier, typically ranging from a few dollars per unit to lower rates for bulk orders.

Overview

Pigtail connectors, including those from Dafangfang, are widely used in fiber optic and electrical applications. Prices are influenced by factors such as fiber type (single-mode or multi-mode), core count, connector type (SC, LC, UPC, APC), and cable length. For example, single-mode 12-core fiber pigtails are available on platforms like Alibaba, with pricing and shipping negotiated directly with suppliers.

Customization: Special core counts, cable lengths, or connector types may affect pricing.
