Price of cable tray ground support

Overview

Bonding and Grounding Insulated Ground Jumper provides a secure ground between sections of ladder rack. This Insulated Ground Jumper Kit, DGJ item 12in with a material of Copper finish Polished.

Key Takeaways

Cable tray ground support systems typically range from $0. 80 to $76 per unit, depending on type, material, and purchase volume.

Overview of Cable Tray Ground Supports

Cable tray ground supports include clamps, hangers, and grounding accessories designed to secure cable trays to beams, walls, or other structures. These supports are available in copper alloy, steel, and galvanized finishes, and are engineered for light, medium, or heavy-duty applications. Grounding clamps often feature tin-plated copper alloy bodies with durium bolts, nuts, and washers, providing reliable electrical grounding and mechanical stability.

Pricing DetailsB2C (Retail/Consumer Market): Individual cable tray clamps and supports for home or small-scale projects are priced between $15 and $34, with some under-desk or no-drill options available for easy installation.

B (Industrial/Commercial Market): Bulk purchases for construction, data centers, or manufacturing projects can range from $0. 80 to over $76 per unit, depending on size, material, and load capacity. Heavy-duty hold-down clamps can support up to 400 lbs and are suitable for attachment to I-beams, C-channels, or other structural elements.

Factors Affecting Price

Material: Stainless steel, hot-dipped galvanized, or copper alloy supports are more expensive than standard iron or pre-galvanized steel. Load Capacity: Heavy-duty supports designed for large cable bundles cost more than light or medium-duty options. Installation Type: Supports that require drilling or specialized hardware may increase labor costs, while no-drill clamps reduce installation time.

Purchase Volume: Bulk orders for industrial projects significantly reduce per-unit cost compared to single retail purchases. Recommended SuppliersMP Husky: Offers high-quality cable tray clamps and grounding supports suitable for industrial applications, including heavy-duty hold-down clamps and C-clamps.

CEF and CM

W Ltd: Provide steel cable trays and compatible support systems for commercial and industrial projects, with options for next-day delivery in the UK.

Direct Channel U

K: Supplies light, medium, and heavy-duty cable tray systems with pre-galvanized and hot-dipped finishes, including couplers and risers for flexible installations. For accurate pricing, it is recommended to specify the type of support, material, and load requirements, and request a quote from suppliers, especially for bulk industrial orders.
