P Shine – Known for perforated, ladder, and wire mesh cable trays, JP Shine provides customized solutions for power plants, IT sectors, and construction projects. Niedax Group (Germany) – Offers a comprehensive range of cable trays and support systems for construction, energy, and transportation sectors, emphasizing durability and compliance with European standards. Spina Group (Italy) – Specializes in ladder and perforated trays for heavy-duty applications, including shipbuilding and industrial plants.

Sunil Engineering Corporation – Manufactures perforated and ladder cable trays along with accessories and junction boxes, focusing on high-quality fabrication and customization.

ELCON CABLE TRAY

S PVT. LTD. – Produces wire mesh, ladder, and perforated trays with a broad range of accessories, catering to both domestic and export markets. Snake Tray – Offers aluminum and steel cable trays with a diverse product line for commercial and industrial applications.

P

T Trias Indra Saputra – Provides reliable cable tray systems for indoor and outdoor applications, emphasizing quality and durability.

Key Considerations

When selecting a manufacturer, consider: Material options: Stainless steel, aluminum, galvanized steel, or FRP/GRP for corrosion resistance. Tray types: Ladder, perforated, wire mesh, solid bottom, or channel trays. Compliance: Adherence to standards like EN 61537, ISO 9001, and IEC for global compatibility.

Customization: Ability to provide tailored solutions for specific building or industrial requirements. These manufacturers cater to a wide range of building projects, from commercial offices and industrial plants to offshore and renewable energy installations, ensuring reliable cable management and long-term durability.
