Saudi Arabia High Voltage Busbar Manufacturing

Overview

Bahra Electric focuses on its business growth, taking its exports to mega-scale industrial and construction projects outside the kingdom of Saudi Arabia.

Key Takeaways

Saudi Arabia hosts several specialized manufacturers and fabricators of high voltage busbars, offering custom solutions for industrial, commercial, and infrastructure applications.

Leading Manufacturers and Fabricators

Electric House and Bahra Electric provide high-quality copper busbars with excellent conductivity (up to 99. 99% purity), suitable for high-performance electrical systems.

CAP France BA

T specializes in medium and high voltage systems, including MV & LV switchgear and power distribution networks, offering design, installation, and maintenance services for critical infrastructure. United Electrical Supplies Factory Co. manufactures robust outdoor bus bar chambers rated IP65, ideal for high-demand applications, ensuring safety and efficient power delivery. Power Center Factory focuses on low and medium voltage switchgear with specialized busbar designs up to 7000 A and 690 V, supporting efficient electrical distribution.

IPU S

A offers custom busbar fabrication for LV and MV applications, producing precision-cut copper or aluminum bars tailored to project-specific load, thermal, and spacing requirements, with rigorous testing for conductivity and strength. Kesher Automation manufactures electrical busbar panels for industrial, commercial, and infrastructure projects, providing durable, safe, and easily maintainable solutions with international safety compliance. Swanco – AlOjaimi Industry is another notable supplier, offering insulated busbars and wires with a strong presence in both domestic and international markets.

Key Features and Capabilities

Materials: High-purity copper and aluminum for optimal conductivity and durability. Voltage Ratings: Medium and high voltage applications, including switchgear and distribution panels. Customization: Fabrication tailored to load, thermal, and spatial requirements.

Standards Compliance: Products meet international safety and performance standards. Applications: Industrial plants, data centers, commercial complexes, water treatment facilities, and renewable energy projects.

Conclusion

Saudi Arabia's busbar manufacturing sector offers a wide range of high-quality, customizable solutions for high voltage applications. Companies like Bahra Electric, IPU SA, Kesher Automation, and United Electrical Supplies Factory Co. provide reliable, tested, and efficient busbar systems suitable for critical infrastructure, industrial, and commercial projects.

Cabling Middle East | Wiring Harness & Busbar Manufacturer

From concept to commissioning, we design, develop, and manufacture wiring harnesses, control panels, busbars, and advanced assemblies that meet the highest international and Saudi standards.

Copper Busbars & Rods

Bahra Electric produces high conductivity copper busbars and rods using: BE sources this copper from international LME registered companies. The facility for

Swanco – AlOjaimi Industry

A renowned supplier of busbars and insulated wires in the electrical power distribution sector. With a rich history dating back to our establishment in 2012, we take pride in our unique track record of serving

Manufacturer of Electrical Busbar Panel in Saudi Arabia | Advanced ...

Every Electrical Busbar Panel goes through strict quality testing and meets international safety and performance standards. Kesher Automation also provides customized solutions to meet specific

Power Distribution and Switchgear – Industrial Power Units for

Precision-cut copper and aluminum busbars manufactured in-house to meet current flow, thermal rating, and space constraint requirements. While not manufactured by IPU SA, we source and supply high

Al Inshrah Busbar Trading

Our clients can avail from us copper busbars, bare or tin plated, which are used for various electrical applications. These busbars are free from oxygen and are

Suzhou Kiande Electric to Showcase Full Busbar & Switchgear
