Types and Prices of Galvanized Cable Trays in the Democratic Republic of Congo

Overview

Galvanised Cable Tray In Democratic Republic of the CongoWire mesh is made from sturdy Galvanised Cable Tray, metal wires woven or welded together, making.

Key Takeaways

Galvanized cable trays in the Democratic Republic of Congo are available in ladder, perforated, and trunking styles, with prices ranging from approximately $2 to $25 per meter depending on material, type, and finish.

Types of Galvanized Cable Trays

Ladder Cable Trays Ladder trays consist of two side rails connected by rungs, providing strong support for heavy cables. They are widely used in industrial, commercial, and construction applications due to their durability and ability to handle large cable loads. Perforated Cable Trays These trays have a solid base with perforations to allow ventilation and prevent cable overheating.

They are suitable for medium-weight cables and environments where airflow is important. Cable Trunking Trunking trays are enclosed systems that protect cables from dust, moisture, and mechanical damage. They are ideal for sensitive installations or areas requiring additional safety.

Surface Treatment VariantsPre-galvanized trays: Steel is galvanized before fabrication, offering uniform corrosion protection. Hot-dip galvanized (HDG) trays: Steel is galvanized after fabrication, providing superior corrosion resistance for harsh environments.

Applications

Galvanized cable trays are used in power plants, commercial buildings, industrial facilities, and construction projects. Their corrosion resistance and robust structure make them suitable for harsh climatic conditions and long-term installations.

Prices

The cost of galvanized cable trays varies based on material, type, size, and surface finish: Price range: $2 to $25 per meterFactors affecting price: Material type (galvanized steel, stainless steel, aluminum), tray style (ladder, perforated, trunking), thickness, width, and order quantity. Bulk orders: Can reduce costs by 20%–50%, especially when importing from suppliers in China or other regions. Additional costs: Installation, accessories (elbows, tees, brackets), and shipping may affect the final price.

Suppliers in the Democratic Republic of CongoBrilltech Engineers Pvt. Ltd: Offers hot-dip galvanized ladder and perforated trays with customization options for size, length, and material. Local distributors: Provide galvanized cable trays with zinc coating for corrosion resistance and long-term durability.

These options ensure that buyers in the Democratic Republic of Congo can select trays suitable for their specific project requirements while balancing cost and performance.
