UAE Cable Tray Accessories and Equipment

Overview

Unigroup supplies perforated, ladder, and galvanized cable trays in Dubai, Abu Dhabi, and Sharjah with full support systems and installation accessories.

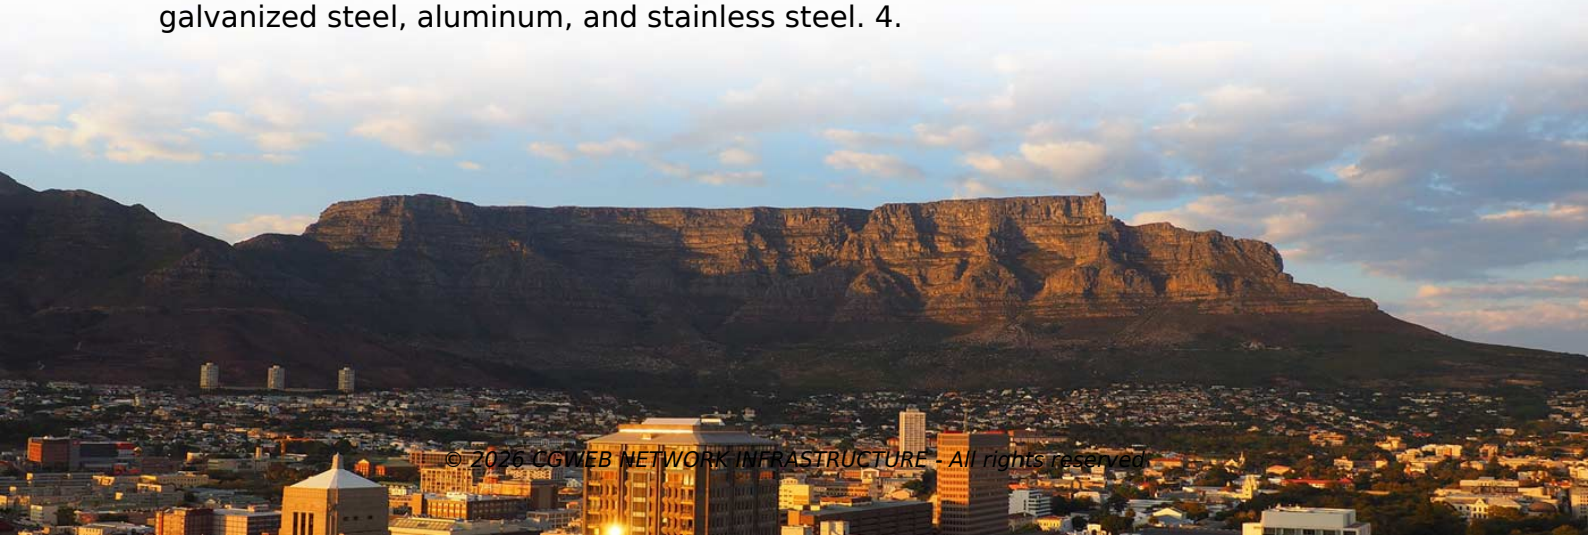

Key Takeaways

Cable tray support accessories in the UAE include brackets, couplers, covers, fittings, and fasteners designed for safe, organized, and durable cable management across industrial, commercial, and data center applications. Types of Cable Tray Support Accessories1. Brackets and Supports: Used to mount cable trays to walls, ceilings, or structural frameworks, brackets provide stability and load-bearing support for light, medium, and heavy-duty installations.

Adjustable and fixed types are available to accommodate different installation angles and heights. 2. Coupler Plates, Bolts, and Nuts: These accessories join tray sections together, ensuring mechanical strength, stability, and safe load distribution.

They are essential for ladder, perforated, and wire mesh trays. 3. Covers and Shields: Solid or vented covers protect cables from dust, debris, and environmental exposure.

They also provide EMI shielding and mechanical protection. Materials include galvanized steel, aluminum, and stainless steel. 4.

Fittings and Connectors: Fittings such as straight, horizontal, vertical, and adjustable connectors allow seamless transitions between tray sections and accommodate complex routing in tight spaces. 5. Ground Clamps and Splices: These ensure proper grounding and electrical continuity across tray sections, enhancing safety and compliance with electrical standards.

Materials and Finishes

Cable tray accessories in the UAE are manufactured using durable materials to withstand harsh environments: Galvanized Steel (GI/Pre-Galvanized, Hot Dip Galvanized)Stainless Steel (SS304, SS316L)AluminumEpoxy-coated or Powder-coated finishes These finishes provide corrosion resistance, long-term durability, and suitability for indoor and outdoor installations.

Applications

Cable tray support accessories are widely used in: Industrial and manufacturing facilities for heavy-duty power and instrumentation cablesData centers and telecom environments for structured cabling and fiber opticsCommercial buildings for HVAC, lighting, and electrical wiringHigh-altitude or corrosive environments requiring robust, long-lasting installations Standards and ComplianceMost UAE suppliers ensure that cable tray accessories comply with international standards such as NEMA VE 1, IEC 61537, and BS EN 61537, guaranteeing safety, reliability, and compatibility with various cable tray systems. Leading Suppliers in the UAEBonnGulf: Offers a wide range of ladder, perforated, trough, and wire mesh trays with matching accessories for industrial and commercial projects.

West Port Cable Tray: Provides high-performance accessories including couplers, covers, and basket tray fittings with zinc-plated, stainless steel, or epoxy-coated finishes.
