Vietnam offers a full range of trough-type cable trays

Overview

we offer a wide range of options to suit your design and with load rated to NEMA VE1. We also manufacture Cable Tray to meet your design.

Key Takeaways

Vietnamese trough cable trays are widely available from leading manufacturers such as Sang Tao, Yashima NBV, Thinh Phat, HABT, and Eetech, offering high-quality, standards-compliant products in steel, stainless steel, and FRP.

Leading Suppliers

Sang Tao has been designing, supplying, and installing cable trays, ladders, and trunking systems since 1992. Their products comply with NEMA VE1, IEC, and JIS standards, ensuring safety and reliability for industrial and construction projects.

Yashima NB

V specializes in custom cable trays and ladders, leveraging advanced technology and over 100 years of combined experience. They provide durable, easy-to-install trays at competitive prices. Thinh Phat, established in 2005, manufactures cable trays, ladders, and trunkings using Swiss technology, with a production capacity of 1600 meters per day and ISO 9001: 2015 certification.

HAB

T is a trusted supplier for industrial clients and EVN, offering cable trays and ladders with certifications including ISO 9001: 2015, ISO 14001: 2015, and IEC standards. Eetech, founded in 2011, provides a wide range of cable trays, including trough, ladder, and wire mesh types, compliant with BS, UL, CE, NEMA, AMSI, JIS, and GB standards. Their products are widely used in hotels, power plants, underground construction, and high-end buildings.

Product Features

Materials: Galvanized steel, stainless steel, FRP, and powder-coated steel. Types: Ladder, perforated, and trough cable trays. Sizes: Widths from 50mm to 1500mm, lengths typically 3 meters, thicknesses from 0.

8mm to 2. 5mm. Advantages: Easy installation, corrosion resistance, flexible mounting, and compliance with international safety standards.

Applications

Trough cable trays are ideal for power cables, signal cables, and network wiring in industrial, commercial, and residential projects. They provide organized cable management, heat dissipation, and protection against electrical hazards. For procurement, contacting these suppliers directly through their websites or local offices in Vietnam will provide customized solutions, technical support, and competitive pricing.
