Where to buy good fiber optic cables for routers

Overview

Amazon.com: Fiber Optic Internet CableDiscover reliable fiber optic internet cables for home and office networks. Find SC/APC patch cables in various lengt.

Key Takeaways

You can purchase fiber optic cables for routers from major online retailers and specialized networking suppliers, offering both single-mode and multi-mode options in various lengths and connector types.

Online Retailers for Consumer and Small Office Use

Walmart offers a wide range of fiber optic cables, including LC to LC, SC to SC, and SC/APC patch cords in lengths from 1m to 50m, suitable for home and small office networks, with prices starting around $8. 59. Amazon provides extensive options for SC/APC, LC, and other connector types, including armored single-mode and multi-mode cables, with lengths from 1m to 30m or more, often with fast shipping and customer reviews to guide selection.

Target stocks fiber optic patch cables and multi-mode options, including OM3 and OM4 types, with in-store pickup and shipping options for convenience. Best Buy carries fiber optic cables for networking and home setups, including Toslink and HDMI fiber cables, as well as SC and LC patch cords for routers and switches. Office Depot offers patch cables and duplex fiber optic cords in various lengths and connector types, suitable for both residential and small business networks.

Specialized Networking and Bulk SuppliersLANshack sells fiber optic cables by the foot, including OM1, OM3, OM4, OM5, and single-mode types, with options for indoor, outdoor, armored, and aerial installations, allowing custom lengths and strand counts for professional setups. FiberCablesDirect provides indoor/outdoor, water- and UV-resistant fiber cables, including OS2 single-mode and OM3/OM4 multimode patch cables, with custom cable building and lifetime warranty.trueCABLE offers high-quality fiber optic cables tested for low insertion loss and compliance with ANSI/TIA standards, including LC, SC, and MTP connectors, with a Forever Warranty and same-day shipping.

Cables.com stocks single-mode and multimode fiber optic cables (OM1, OM2, OM3, OM4, OS2) with custom lengths, multi-strand systems, and bulk purchasing options for professional or enterprise networks. Professional Cable specializes in single-mode and multi-mode fiber cords, including LC/LC, LC/SC, and LC/ST connectors, with bulk and custom orders for data centers and structured cabling projects.

Tips for Choosing Fiber Optic Cables

Connector Type: Match the cable connectors (LC, SC, ST, or SC/APC) to your router or switch ports. Fiber Type: Use single-mode (OS2) for long-distance or high-speed connections, and multimode (OM3/OM4) for shorter distances or office networks. Length and Jacket: Measure the required length and choose indoor, outdoor, or armored jackets depending on installation environment.

Bulk vs. Patch Cables: For multiple connections or data centers, consider bulk cable spools; for simple home setups, pre-terminated patch cords are convenient. By selecting from these retailers and suppliers, you can find fiber optic cables suitable for both home routers and professional networking installations, with options for custom lengths, high-speed performance, and reliable connectors.
